A Proven and Innovative Teaching System

Steve and his staff use an innovative combination of instruction, drills, match play and games to enhance the tennis learning process. This innovative system motivates students to achieve their own tennis goals.

Instruction for all levels (*beginners to advanced*) emphasizes mastering fundamental skills and stroke mechanics, tennis strategy and conditioning (*both physical and mental*).

Steve's enormous competitive talent is matched by his teaching ability. He offers beginning students quality fundamentals and the advanced player unique insight into the strategy and psychology behind a winning tennis game.

The Junior clinics are designed to be progressive. Players practice and compete within their group to advance to the next clinic level.
